No arm to obstruct
the back of trailer

**Our premium electric solution
for semi and grain trailers**

American Made
Tested. Trusted. Guaranteed.

AUTOLOCK® ELECTRIC TARP

ROLL IN THE WIND WITH CONFIDENCE!

MOTOR

- Worm gears create an instant, positive lock
- No brakes to fail
- Chain drive has a powerful and fast 194:1 gear ratio
- Stainless steel housing and sprocket with nickel plated chain are durable and resistant to corrosion

UNIQUE DUAL DRIVE™ SYSTEM

- Wind resistant design featuring a strong synthetic cable and tension spring that work together to provide a powerful front and rear drive to cover your load

ROTATING AND TELESCOPING MOTOR MOUNT

- Allows roll tube to rise and flex over heaped loads, reducing stress on the drive components and pivot arm

EXTRA DURABLE 3" ALUMINUM ROLL TUBE

- Strong, yet lightweight offers a faster and straighter roll
- Rope channel is a continuous tarp attachment creating uniform tension for a better fitting and longer lasting tarp

CUSTOM END CAPS*

- Low profile wind deflector is hand and tarp friendly
- Crimped standing seam is self sealing, flexible with no welds to break
- Integrated weather sealing rib

QUICK RELEASE ALUMINUM TARP STOPS*

- Integrated set screw on front and rear to eliminate tube sliding
- Open pin channel prevents seizing up
- No brittle die cast metal to break off and tear the tarp
- Opens and closes freely for easy removal

TARP CONSTRUCTION

- Welded 12" reinforced ends
- Webbing reinforcements for added strength
- Premium commercial grade, UV resistant 18 and 22 oz. vinyl fabric remains flexible at -40°

NO ARM TO OBSTRUCT THE BACK OF TRAILER

- Great for chip and refuse trailers as well as end dumps and rear conveyors

OPTIONS

- Manual override kit available Part # 70090

FASTENERS*

*Available in stainless steel
